Introduction to the Revenue Improvement Action Plan (RIAP)

- a) The aim of this Revenue Improvement Action Plan (RIAP) is to support the Assembly's efforts in improving its own source revenues by providing some practical suggestions on potential interventions, activities and resources required to improve Property Rate and other Levies Management and Collection.
- b) In preparing the 2019 Budget Estimate, the Budget and Rating Department and the Budget Committee realized collection gap based on which this RIAP was developed
- c) Endowed with a wide range of typical local government functions, the Prestea Huni Valley Municipal Assembly resource base follows the logic of integrated fiscal decentralization together with their entitlement to annual transfers from the Central Government (general and conditioned grants). However mobilizing even the little available revenue is becoming a difficult task due to uncoordinated effort from most of the Departmental Heads.
- d) The Assembly's resource envelop is limited and the demands and expectations on the part of the communities are high. To solve or minimize the resource deficits so as to position the Assembly to deliver on its mandate, it is important for the Assembly to harness its resource potentials fully since the success of its operations and functions largely depends on the availability of revenue. In such a situation, finding possible and efficient ways of mobilizing local resources such as Internally Generated Revenue/Fund is equally important as that of looking for external sources such as Central Government subsidies/grants.
- e) The actual realistic average collection rate of the property rates and other levies in the Prestea Huni Valley Municipal Assemblies has not been encouraging and would require a concerted effort of Assembly Members, Opinion Leaders including the Traditional Authorities, citizens, and the media both print and electronic to improve the Assembly's revenue mobilization.
- f) In spite of the efforts made by successive and the current Chief Executive and Co-ordinating Directors through training and provision of logistics to enhance and improve IGF mobilization in the Municipality, there still remains a lot to be done to mobilize sufficient revenue to support Central Government and Donor inflows of which are usually erratic thereby delaying and affecting the implementation of the Medium Term Development Plans.
- g) The 2019-2020 Revenue Improvement Plan if successfully implemented would help the Assembly improves on its Internally Generated Revenue Mobilization while also creating much awareness for voluntary payment of levies.

- h) The total cost to be incurred in the implementation of the 2019 RIAP would be $GH \notin 261,550.00$. This would help the Assembly to generate an estimated amount of $GH \notin 2,328,150.00$ as proposed in the 2019 fiscal year Budget.
- i) Efforts to improve collection and enforcement should include activities to improve collection performance measurement, persuasion measures, enforced collection, and among them all property valuation. The aim is to increase and enforced Property Rate Collection and Levies Payment.

Below are the Activities to be undertaken and the related Estimated Cost with Officers Responsible for the various activities to be undertaken Activities are grouped according to the various interventions as follows:

Property Rate and Licenses

Revenue Head	2017 Budget	Actual as at 31st	2018 Budget	Actual as at 31st	2019 Budget
	Estimate	December, 2017	Estimate	December, 2018	Estimate
Rate	308,000.00	97,703.55	316,000.00	416,612.30	1,207,300.00
Licenses	594,350.00	542,188.41	644,870.00	492,889.74	757,550.00

Challenges:

- i. Lack of Software for Billing and Tracking of Payment
- ii. Inadequate Date on Businesses and Properties for Billing
- iii. Inadequate Valuation Roll to charge realistic Rate
- iv. Low Public Education/Sensitization on the Payment of Property Rate
- v. Lack of Structure and Housing Numbering Plate for Easy identification of Properties and Businesses
- vi. Lack of Proper Addressing System

Activities to Undertake to Improve Revenue from Rate and Licenses

No.	Activity	Expected Outcomes	D- 18		M		J	A	S	0	N	D	Implementing Offices /Officers	Resources Required	Estimated Cost (GH¢)
1	Develop Software for Billing	Help Improve Internally Generated												Laptop & Desktop and Fund	7,500.00
2	Orientate Revenue Collectors and NABCO Personnel on the Billing Systems, Bills Distribution and Updating of Existing Data	Revenue especially Property & Basic Rates Collection and BOPs											MCE, MCD , MFO, MBO & MIS	Funds and Sample Bill	3,500.00

Conclusions

Policy initiatives that are likely to enhance the promotion of a more effective revenue mobilization are listed below;

- 1. Broaden the revenue base while ensuring the existing payers pays on tine
- 2. Promote dialogue with rate payers on new fees
- 3. Develop revenue billing and tracking software
- 4. Undertake comprehensive data collection and regularly update the data
- 5. Provide House numbering Plates for easy distribution of bills
- 6. Undertake valuation and revaluation of properties
- 7. Enforce the necessary Assembly laws
- 8. Engage the various revenue generation departments and units in regular discussion

- 9. Provide them with the necessary logistics and request result
- 10. Monitor collectors and revenue generating department
- 11. Undertake regular social accountabilities to inform the public of how funds collected are utilized and the challenges being faced by the Assembly
- 12. Revenue strategies development should be coordinated effort with inputs from all sectors
- 13. Utilized the civil society groups' and public fora to engage with the rate payers
- 14. Involve the traditional authorities and other opinion leaders in sensitizing the public
