NATIONAL MORTGAGE & HOUSING FINANCE INITIATIVE

HOUSE OWNERSHIP

Government has designed a "Scheme" to provide cheaper local currency mortgages and residential housing finance to promote social equity and stimulate the economy.

The scheme will address both the demand and supply side of the housing market, and create an effective ecosystem for homebuyers, developers and financial institutions.

By this initiative, it is expected that the capacity of each local real estate developer will increase from an average of 50 units per year to about 200 units per year over the medium term.

GHANA - SINOHYDRO \$2B INFRASTRUCTURE DEAL

IS THIS AGREEMENT A LOAN OR BARTER?

Barter is a form of trading in which goods or services are exchanged without the use of cash.

A loan is a written or oral agreement for a temporary transfer of property (usually cash) from its owner (the lender) to a borrower who promises to return it according to the terms of the agreement, usually with interest for its use.

Verdict

The Agreement stipulates that SinoHydro finance \$2B worth of infrastructure to be paid with \$2B worth of refined Bauxite/ Alumina/Aluminium without any interest payment cannot be described as a Loan but a Barter Agreement.
